

# The Central Fulton School District Educational Foundation

## The Foundation

The Central Fulton Educational Foundation is a nonprofit corporation governed by an independent Board of Directors, comprised of community, education and business leaders. The establishment of the foundation was a joint effort of district residents, business leaders and school employees.

Contributions are encouraged from all sources—individuals, corporations, civic groups and other foundations. All donations are tax deductible and directly support educational programs within the Central Fulton School District.

The Foundation is financially accountable for the administration and evaluation of any grant which it receives or provides. All grants and funds are provided at the discretion of the Foundation Board of Directors.

## Mission Statement

The Central Fulton Educational Foundation is a nonprofit community based organization which exists to provide an avenue for tax deductible donations from individuals, alumni and businesses. Such contributions are intended to supplement existing district funding and to encourage innovative programs that will enhance the quality of education for students in the Central Fulton School District.

## **Vision Statement**

The Central Fulton Educational Foundation will be the first choice entity for charitable contributors who wish to make a direct impact on the educational opportunities of the students at the Central Fulton School District. By creating a link between the school district and businesses, business personnel, alumni and the general community, the foundation strives to provide financial support for educational projects, activities and initiatives that insure that academic excellence is the cornerstone of our children's education.

## **Our Objectives**

1. To promote student development through enrichment programs and activities.
2. To encourage creative educational programs by district employees.
3. To encourage school/community partnership; to promote community awareness about school programs; to provide ways for individuals and organizations to share resources with the school district to enhance learning; and to facilitate cooperative ventures between the foundation, the community and the school district.

## **Scope of the Program**

Teachers will be awarded enhancement grants to aid them in designing and developing educational materials and innovative projects to augment the current curriculum. The Foundation will also provide funding for academic and cultural enrichment projects for the benefit of all students.

## **Scope of the Program—(Cont'd)**

As the Foundation grows, so will the scope of the programs. The Foundation encourages sponsorship of new and existing educational initiatives.
